ProSure Motorsports Protection is the only source for HPDE Insurance for car club driving events. Our experience insuring teams and drivers has given us the knowledge to develop a driver's education insurance program that is legal, effective and is highly affordable. We are the only company that can claim expertise in this industry, we guarantee it!

In the world of personal auto insurance it is becoming more and more common for the language in policy exclusions to broaden it's definition for anything off the normal public road surface. This program is designed to provide coverage for those policies that are deficient in providing physical damage coverage to vehicles used in sanctioned driver's school events.

We recommend to everyone that you read your own personal policy for exclusions related to any activity on a racetrack. Exclusions can be broad and all inclusive so please consult a professional insurance agent to provide you with the appropriate information on your coverage.

The rates for the Podium Gruppe (vehicles under \$125k in value) are as follows:

3% premium based on the stated value of the vehicle. For collector cars an agreed value must be established on the primary insurance coverage and must be corroborated on manheimgold.com, kbb.com, nadaguides.com and/or edmunds.com. An appraisal may be necessary to properly bind coverage for AV.

The deductibles are as follows:

\$0-\$25k - \$1,000
\$25,001-\$50k - \$2,000
\$50,001-\$75k - \$3,000
\$75,001-\$100k - \$4,000
\$100,001-\$125k - \$5,000
